As a dedicated software engineer, I thrive on coding challenges and am fervently seeking new opportunities to architect innovative solutions. Let's code the future together!

Education

Master's degree in Distributed Systems and Artificial Intelligence HASSAN II University, Higher Normal School of Technical Education	2022 – 2024	Mohammedia, Morocco
Bachelor's degree in Software Engineering My Ismail university, Faculty of Science and Technologies	2018 – 2022	Errachidia, Morocco
Baccalaureate's degree in physical science Chahid My Tayeb Ben My Lakbir high school	2017 – 2018	Errachidia, Morocco

Tech Stack

Programming languages	C++, Python, Java, JavaScript
Software Engineering	HTML, CSS, SQL, Bootstrap, Spring Framework, Angular, React.js, Node.js, JWT, OAuth2, Keycloak
DevOps	Git, GitHub, Maven, JUnit, Jest, Docker, Kubernetes
Distributed systems	SOAP, REST, GraphQL, gRPC, JADE framework, Spark, Kafka

Projects

Handwritten Digit Classifier – End to End application PERSONAL PROJECT Python – Pandas – Tensorflow – FastAPI – HTML – CSS – JS • Trained an artificial neural network to classify handwritten digits. Built a frontend interface for users to submit their handwritten digits and receive real-time classification results from the backend.	Mohammedia, Morocco June 2023
Distributed Radar Management System ACADEMIC PROJECT Java – Spring – Angular – gRPC – REST • A distributed system simulating a radar system with three microservices: registration, infraction, and radar. It includes a Java gRPC client and an Angular application for front-end	Mohammedia, Morocco June 2023
Chat application ACADEMIC PROJECT Java – JavaFX • Building a web-based chat application, which includes a user interface and the ability to communicate with others via Telnet.	Mohammedia, Morocco Feb 2023
Car rental manager ACADEMIC PROJECT HTML5, CSS3, JS, PHP, jQuery, MySQL, Chart.js • Developing a web application for car rental agencies. The application allows car rental agency administrators to manage their agency. • Ability to create, edit, explore and delete employees, cars, reservations, clients	Errachidia, Morocco Mar 2022

Certifications

- Advanced React by Meta
- React Basics by Meta
- Programming with JavaScript by Meta
- Version Control by Meta
- HTML and CSS in depth by Meta
