As a dedicated software engineer, I thrive on coding challenges and am fervently seeking new opportunities to architect innovative solutions. Let's code the future together!

Education

Master's degree in Distributed Systems and Artificial Intelligence	2022 – 2024	*Mohammedia, Morocco*
HASSAN II University, Higher Normal School of Technical Education		
Bachelor's degree in Software Engineering	2018 – 2022	*Errachidia, Morocco*
My Ismail university, Faculty of Science and Technologies		
Baccalaureate's degree in physical science	2017 – 2018	*Errachidia, Morocco*
Chahid My Tayeb Ben My Lakbir high school		

Tech Stack

Programming languages	*C, Python, Java, PHP, Javascript*
Software Engineering	*HTML, CSS, SQL, Bootstrap, Spring Framework, Angular, React.js, Node.js, JWT, OAuth2, Keycloak*
DevOps	*Git, GitHub, Maven, JUnit, Jest, Docker, Kubernetes*
Distributed systems	*SOAP, REST, GraphQL, gRPC, JADE framework, Spark, Kafka*

Projects

Handwritten Digit Classifier – End to End application ☒   *Mohammedia, Morocco*
PERSONAL PROJECT | Python – Pandas – Tensorflow – FastAPI – HTML – CSS – JS   *June 2023*
- Trained an artificial neural network to classify handwritten digits. Built a frontend interface for users to submit their handwritten digits and receive real-time classification results from the backend.

Distributed Radar Management System ☒   *Mohammedia, Morocco*
ACADEMIC PROJECT | Java – Spring – Angular – gRPC – REST   *June 2023*
- A distributed system simulating a radar system with three microservices: registration, infraction, and radar. It includes a Java gRPC client and an Angular application for front-end

Chat application ☒   *Mohammedia, Morocco*
ACADEMIC PROJECT | Java – JavaFX   *Feb 2023*
- Building a web-based chat application, which includes a user interface and the ability to communicate with others via Telnet.

Car rental manager ☒   *Errachidia, Morocco*
ACADEMIC PROJECT | HTML5, CSS3, JS, PHP, jQuery, MySQL, Chart.js   *Mar 2022*
- Developing a web application for car rental agencies. The application allows car rental agency administrators to manage their agency.
- Ability to create, edit, explore and delete employees, cars, reservations, clients

Certifications

- React Basics by Meta ☒   *Oct 2023*
- Programming with JavaScript by Meta ☒   *Sept 2023*
- Version Control by Meta ☒   *Oct 2023*
- HTML and CSS in depth by Meta ☒   *Sept 2023*
- 100 Days of Code: The Complete Python Pro Bootcamp for 2023 ☒   *Mar 2023*
